## REDS LAUNCH NEW ATTACK IN POLAND

JAPS FEAR NEW  
U. S. LANDINGS  
IN MARIANASTokyo Radio Reports Eleventh  
Squadron Guan. Not Far  
from Saipan.By The Associated Press  
Tokyo, July 15.—Anticipating a  
counter-attack, U. S. landing op-  
erations in the Marianas, reported  
today, an overnight raid upon  
Guam by American planes and  
paratroopers in twin Liberators upon  
the lone island in the Kaean  
group.Adm. Chester W. Nimitz ant-  
icipated yesterday that a fast  
grazing strike task force raiding  
about 125 miles south of  
Saipan occupied Saipan, and  
dropped 100 tons of bombs  
on Guam Thursday. It was  
the first straight day of such  
raids.Tokyo broadcast added  
that powerful American units,  
carriers, battleships, cruisers  
and destroyers, is continuing ac-  
tions near Guam. The war sit-  
uation may not allow a moment's  
relaxation.Islands Now Within Reach  
The Kaean or Volcano Islands,  
100 miles northwest of Saipan,  
are now out of reach of  
American land-based planes.  
A strike by Liberators would in-  
clude Saipan's newly-won  
islands in shape to handle  
massive bombers.The bypassed and starvation-  
wasted Japanese forces, mean-  
while, attempted to join Nippon-  
ese garrisons in northwestern  
New Guinea, one by stealth,  
the other by desperate attack.The fierce assault was by for-  
ward elements of the 18th Im-  
perial Army, seeking to blast a  
path westward for 45,000 survivors  
through the American coast-  
al stock at Atape, British New  
Guinea.There were some penetrations  
out in general the Americans held  
their lines.The initial effort of the en-  
emy's advance elements, falling of  
surprise, has dwindled," Gen.  
Douglas MacArthur reported.Along Dutch New Guinea's  
Madura Bay, 300 miles west of  
Atape, Americans occupied Sa-  
mosir airfield without opposition.  
Enemy garrison long confined  
there had taken to the swamps  
and thick jungles of the interior,  
apparently in suicidally hopeless  
flight westward.

Yan and Truck Bombed

LONDON, July 15.—British Lan-  
caster bombers hammered at rail-  
roads in the suburbs of Paris  
early today. This was climax to  
widespread night air assaults in  
which other heavies hit flying  
bomb installations in France and  
Mosquitos ripped into German  
positions in Normandy and objectives  
in Germany.The important Villeneuve-St-  
Gorges railroad yards on the  
southeastern outskirts of Paris  
target of the Lancasters their  
for this morning. Reconnaissance  
had disclosed large concentrations  
of rolling stock there, loaded with  
supplies for the battle area. Seven  
bombers were missing. A com-  
munique said another failed to re-  
turn from the operations during  
the hours of darkness.Both Lancasters and Halifaxes  
participated in the night blow on  
the robot lairs, which were at-  
tacked twice in daylight yesterday  
by RAF heavy bombers.One of the night Mosquito for-  
mations sped to 60 miles south of  
Tours, and made a low-level at-  
tack on German barracks in a  
forest.The U. S. army air force an-  
nounced yesterday's Liberator at-  
(Turn to AIR RAIDS, Page 9) (Turn to EXECUTION, Page 9)Reveal Flight of Yank  
Over Japan in 1943HEADQUARTERS U. S. 14TH  
ARMED FORCE IN CHINA, July 15—  
After several months' secrecy, it  
was disclosed today that Capt.  
Walter A. Sordelet, a 24-year-  
old Virginian flying an unarmed  
post-reconnaissance plane, photo-  
graphed areas of Japan Oct. 21,  
1943, and returned to China with  
weather data.It probably was the first  
American photo reconnaissance  
flight of the Japanese main  
islands, and certainly the first  
by a civilian.The former postoffice clerk  
from Hopewell, Va., won the dis-  
tinguished flying cross for the  
long round trip across the  
East China sea but the citation  
was not disclosed until today.

# Urgent Plea for Waste Paper Salvage Is Issued To People

Received recently from Donald M. Nelson, Director of the War Production Board, was an emphasis in calling for salvage efforts in collecting paper for salvage.

It is emphasized that collectors for their own areas and Friends of the Waste Paper campaign chairman of the Waste Paper campaign.

It is continued: "Good work has been done, however, by the newspaper salvage committees, collections have averaged about 588,000 tons a month in 1944, of 78,000 tons short of our monthly quota.

Receipe in May were \$21,000 tons or 45,000 tons below our quota and for June we received only 84 per cent.

Obviously, continuation of this dangerous situation will not only further jeopardize war production, but cause further curtailment of the diminished allotments of civilian paper.

A new study made through the courtesy of the Gallup newspaper sponsorship reveals only 63 per cent of our families are saving waste paper regularly and only 67 per cent are convinced of the need of waste paper. This is astonishing in the light of your generous support. Waste paper is the nation's number one war material so terribly essential that the army is now preparing to salvage what little they can in the North African and South Pacific combat zones.

"Therefore, I appeal to every man, woman and child of your city to redouble his efforts in the U. S. Victory Waste Paper campaign in cooperation with your newspaper."

**PEACOCKS NEST ON TIE**

By The United Press

CHICAGO—When a pigeon flew into his window, Jacques Joseph Willem was quite surprised. More surprised was he, however, when the pigeon calmly went about building a nest right on his dresser, in the midst of neckties and collars. Then followed an egg, and now both Willem and "Ma" are waiting for the blessed event. "It's kind of demoralizing, though," observed Willem. "The bird is parked right on my Sunday tie, and I have to keep the room dark in the evening for fear of disturbing Ma."

## Goebbel's Plea Hints Germany in Desperate Straits

By DEWITT MACKENZIE  
Associated Press War Analyst

No further proof were needed of the desperate straits of Hitlerdom if it would be found in Nazi Minister Joseph Goebbel's latest publication which the United States office of war information describes as "an implicit appeal to the United States and Britain to soften their demands for unconditional surrender."

Goebbel's plea is contained in an article distributed by the official German DNB agency. It isn't by any means the first effort of its kind made recently by the Hitlerites, since there have been at least half a dozen feelers put out by Berlin. However, it represents a monumental display of brass, coming as it does on top of the Nazi threat to "turn Europe into a maelstrom of destruction" in an attempt to make the allies come to terms.

### He's Dangerous

This is the same demagogic Goebbel whom I heard whipping a crowd of fifty thousand in Berlin up to war fever back at the time of Munich. To give the devil his due, he is a past master at tub-thumping and is clever in much of his propaganda. He has the knack of giving the tinge of truth to his lies. However, he's one of the most unscrupulous of Hitler's murderous gang and has been one of the Fuehrer's mainstays in making war against the allies whom he now begs to be lenient. He's a dangerous man.

Those of us who were at Verailles to see the last peace made with Germany, and who watched the subsequent manipulations of Prussian militarism and Hitlerism at close range, have no slightest doubt that the Germans will make war on us again if we don't smash them now. Indeed, allied intelligence agents have found ample proof that the Prussian high command, which long has recognized that the reich couldn't win the war, has been planning for a comeback twenty-five years hence.

The allied problem of how to deal with Prussian aggression isn't new to this war or to the last. This militarism has been the plague of Europe for many decades. There can be no peace until Prussianism and its running mate, Nazism, are literally wiped out.

### Little Basis for Argument

The argument made by many of those who advocate leniency towards the Nazis is that the demand of unconditional surrender will only make Germany fight harder and longer. I don't believe that represents the consensus of professional observers. The general view is that, leniency or no leniency, the Hitlerites will quit when they have their bellies full and not before.

Anyway, the allied peoples as a whole seem firmly determined to see the thing through to a finish. The British house of lords reflected the general attitude very well a couple of days ago when Lord Vansittart, exponent of using the mailed fist on Germany, denounced the Nazi regime. He secured a government pledge that "the whole devilish (gestapo) organization will be rooted out," and that the German people and army will have to share the onus of the Nazi crimes.

While Goebbel's appeal for peace will be wasted on the desert air so far as the allies are concerned, it's worth noting that it does serve to prepare the German public for the surrender which must come sooner or later. Probably the propaganda minister had this in mind.

### PAPAL OFFICIAL ILL

By The Associated Press  
LONDON, July 15.—The Vichy radio, in a broadcast quoting a Vatican dispatch, said today that Cardinal Maglione, papal secretary of state, was seriously ill. The secretaryship of state has been transferred to another cardinal, said the broadcast.

WASHINGTON, July 15.—The League of Nations was joined by representatives of 13 nations meeting in Geneva on Saturday.

### FACTORY EMPLOYMENT DOWN, AYERS REPORTS

Rate for Entire Country Shows Slight Decline.

By The Associated Press

CLEVELAND, July 15.—Factory employment in the country as a whole is declining, Brig. Gen. Leonard P. Ayers, vice president of the Cleveland Trust Co., declared today.

"It has not as yet fallen far, and it is not dropping rapidly," the retired officer stated in the banking concern's monthly business publication. "Employment in manufacturing in April was six per cent below that of November when it reached its highest level, and the April total was about one per cent below that top figure."

The economist reported a slight decline in national income, and said this was notable "because it was the first important decrease in the seasonally adjusted figures since April, 1939. The highest level was reached in February, and the April total was about one per cent below that top figure."

gossip as in a receptive frame of mind.

In contrast, lithographed brochures were in circulation citing the availability of Gov. Joseph M. Broughton of North Carolina. Like Gov. John W. Bricker of Ohio who ran for first and got second place on the Republican ticket, Broughton was about the only openly avowed candidate for vice president. Even Wallace has not said publicly that his hat is in the ring.

In another quarter, a quiet move was reported under way to bring the name of Sen. Harry F. Byrd of Virginia, consistent critic of the administration, before the convention as a vice presidential candidate.

### Byrd Is Opposed

Byrd has expressed opposition to any such move and also has declared he is not a candidate for the presidential nomination, despite the backing of four Florida delegates.

With the pack apparently in full cry at his heels, Wallace was not without his supporters. Pepper whose Florida colleagues are prepared to plump for him if the opportunity arises, said he would vote for Wallace. In Washington, Sen. Joseph Gurney, who will have influence with Pennsylvania's 72-vote delegation, reiterated his intention to back the present vice presidential candidate.

The prospective battle over the vice presidency, scheduled to reach the balloting stage next Friday, overshadowed preliminary work on the platform. A subcommittee arranged to meet today amid predictions that the party declarations would stand largely on the Roosevelt record and would point forcefully to international peace cooperation.

## GERMAN PRISONERS PENALIZED IN STRIKE

By The Associated Press

COLUMBUS, O., July 15.—The fifth service command reported today that 48 German prisoners of war had been placed on a bread and water diet refusing to pick cherries on a farm near Waterville, O.

The prisoners quit work Tuesday, the command's public relations office reported, on grounds they were not able to make more than 40 cents daily as agricultural labor.

The fact that they were unable to earn more than 40 cents was because they were eating more cherries than they were putting in their 10-gallon buckets, the press office said in a statement.

Immediately after stopping work, the announcement said, the prisoners were returned to a stockade at Camp Perry, placed in confinement and their rations cut to bread and water for 14 days.

The punishment is permissible under the Geneva convention governing treatment of war prisoners, the command said.

Other prisoners were sent to the farm to harvest the crop and are earning an average of about 83 cents daily, the report added.

## GOEBBELS APPEALS FOR ALLIED MERCY

By The Associated Press

An article by German Propaganda Minister Paul Joseph Goebbel declaring Germany and her enemies both "want peace and calm" has been interpreted by the U.S. office of war information as "an implicit appeal to the United States and Britain to soften their demands for unconditional surrender."

The article appeared in this week's issue of the German magazine *Das Reich*. As broadcast in summary by the Berlin radio in the English language for consumption in the United States and Britain, the article appeared to be another form of Nazi propaganda against bolshevism and new attempt to drive a wedge between the British-American allies and the Soviet Union.

In this account Goebbel was quoted directly as saying, "I want peace and calm except belligerism, which wants continued unrest and chaos."

Meanwhile an Associated Press dispatch from Madrid said Don Schwarze Korps, organ of the third White Russian army, advancing toward Kaunas, widened its front before the city and made for the railway 10 miles away.

The Germans were reported battling desperately to hold back the Russians from this escape route.

The Moscow communiqué said the Red army, advancing westward along a line less than 20 miles from East Prussia, had broken the German Niemen river line southeast of Grodno, and was closing within seven miles of that strong point.

Zhodz, only 20 miles southeast of Kaunas, fell to Soviet forces, and did Volkovysk, 35 miles east of Bialystok, and Skidel, less than 20 miles from Grodno.

### OFF TO THE WARS

PORTLAND, Ore.—It took two years of almost constant agitation, but Lieut. Col. J. Howard Berry of Portland finally got the Marine Corps to transfer him from Washington to overseas duty. Berry, who has been in the Marines for 15 years, chased bandits in Nicaragua in 1932 and served in several other posts before becoming aide to Lieut. Gen. Thomas Holcomb, former commanding general of the Marine Corps, and then to his successor, Lieut. Gen. A. A. Vandegrift. But at last his request has been granted and he is headed for overseas.

The Japanese, Hungarian and Bulgarian envoys will follow the lead of German Ambassador Franz Von Papen in quitting the capital, the agency reported.

### Pimples Disappeared Over Night

MIAMI, Fla., July 15.—The weather bureau today reported a tropical storm 450 miles in the Atlantic, due east of Melbourne, Fla., and advised naval forces to take precautions in the path of the blow.

The Germans were throwing up street barricades and defenses in buildings and houses in Grodno, Bialystok and Brest-Litovsk, and racing against the steadily advancing Russians in the Baltic cities of Kaunas and Daugavpils (Daugavpils), the dispatches said.

The Nazi line was reported wide open in numerous sectors from the Velikaya river, last barrier to the middle Baltics, to south of the Pripyat marsh region around captured Pinsk. The Germans appeared unable to hold anywhere as five Russian armies spilled westward with growing momentum.

### "Adventures of Mark Twain"

Returning for 7-Day Run.

"The Eve of St. Mark," starring Anne Baxter, William Eythe and Michael O'Shea, is showing now through Thursday at the Ohio theater.

It is a man's story of fighting men in the gun-thundering hour of glory, a woman's story of pounding hearts in that last shining hour together. The film is the dramatization of a novel which is considered by many to be the war's greatest love story. In this tender and stirring film story of a GI Joe, Anne Baxter plays the part of Janet Feller. William Eythe plays the romantic lead opposite Miss Baxter in the role of Quizz West. Michael O'Shea is seen as the rugged, fast-talking Private Thomas Mulvey. Quizz West is an unpretentious soldier whose sincere convictions swayed his fever-ridden squad to an heroic last stand against the Japs on Bataan.

"The Adventures of Mark Twain," starring Frederic March and Alexis Smith, will play a return engagement beginning next Friday and showing for seven days.

Donald is consoled vainly by his show girl friend, Peggy Ryan.
